

Associate Chiropractor Required

Adam Kay Chiropractor is a friendly clinic based in Borehamwood, offering both Chiropractic and Osteopathic services enabling us to find the treatment that is most appropriate for every patient.

Adam Kay Chiropractor was founded in 2014; Adam trained at The Welsh Institute of Chiropractic and is registered with the General Chiropractic Council, British Chiropractic Association and Royal College of Chiropractors.

We aim to relieve pain and enhance the health and wellbeing of our patients, ensuring they are functioning at their optimum. We offer the highest level of professional care in a comfortable and clean environment. We tailor and adapt our treatments to meet the individual needs of each patient.

Job Brief

We are looking for a motivated and enthusiastic Chiropractor to join our newly refurbished clinic at Adam Kay Chiropractic. We have two Chiropractic rooms and a 3rd treatment room that is rented out for complimentary therapies. We also have a fulltime receptionist team to help ease the flow of patients, payments and diary bookings. We are looking for a full or part time (Job share) Associate who will be Self-employed, on a percentage-based income. Perfect for someone who wants to build their own client base.

The candidate should be:

- Qualification of masters in Chiropractic from an accredited college or university
- Registration with GCC and British Chiropractic association, or united chiropractic association
- Willing and eager to learn, committed, be hard working and love what they do.

The candidate should be able to:

- Examine the patient completing a thorough chiropractic assessment and assess patients to determine the condition of muscles, nerves or joints in need of treatment
- Write up patients' case notes and reports, maintain their records and manage caseload
- Plan and undertake treatment using chiropractic techniques to restore joint mobility, strengthen muscles and reduce pain
- Explain treatment to and instruct patient in posture and other exercises and adapt treatments as necessary
- Offer advice and education on how to avoid injury and promote patient's future health and well-being
- Monitor patient's progress and liaise with others and the principal concerned with the treatment and rehabilitation of patient, and refer patients requiring other specific medical attention.
- Use clinic diary system (training provided)

You will be mentored and supported by the principal chiropractor.
